Outgoing PAMAG President's Valedictory Address

There comes a time for moving on and handing the baton to the next leader. Tonight, it is with deep and sincere gratitude that I acknowledge all the love, support and cooperation you have given me for the past two years of my presidency.

With your help and unwavering support, we have achieved tremendous successes including donating and building a school for victims of Typhoon Haiyan in our native land and helping out our poor countrymen with medical and surgical services with our medical mission in Dumaguete Philippines.

Of course there were several other noteworthy projects such as our Scholarship program CME,Smile Train mission, Fish Clinic and cooperation with PACG..I am humbly expressing my gratitude to each and everyone involved in all theses undertakings.

As we look back at the pageantry of our 40th anniversary celebration last year we look forward to tonights celebration as we welcome our very hardworking and deserving president elect Dr. Grace Bautista, and the rest of incoming PAMAG and Auxiliary officers.They deserve our wholehearted cooperation. Let us celebrate life, look forward to the future and continue to build lasting memories.

God Bless PAMAG!

Livia Millares Capuy, MD
PAMAG President 2014 - 2016

President Elect's Message

It is truly an honor to be elected as PAMAG President on the 41st Anniversary of PAMAG

I would like to thank all PAMAG Members for putting their trust in me.

I'm excited to accept this office because I truly believe that this is the beginning of the next great 40 years of PAMAG. I see our young Doctors stepping up to the plate like Dr. Guiliermo Amurao and Dr. Mark Paradela, our CME co-chairmen; our new generation speakers: Dr. Mylin Torres, Dr. George Aragon, Dr. Mark Visitacion Dr. Conrado Tojino, and Mrs. Samantha Tojino, FPN. Let us not forget our very hard working energetic computer savvy new Secretary, Dr. Cristine Amurao. Great thanks to all of them.

I would like to thank our special volunteer, Jed Capuy , graphic designer & IT person extraordinaire who helps us in making our Souvenir programs very nice. For years, Jed was always there to rescue us when we are in trouble in Tech.

I would also like to extend thank the Amurao kids as well, Jed and Jillian for spearheading the Books to the Barrio Drive at Middle Georgia State University and Aquinas High School. They were able to collect and send 5 balikbayan boxes of books to Aurora, Zamboanga del Sur this summer.

I am grateful to Perlie Magat, PAMAG Auxiliary President and the rest of the Auxiliary members for all their help and support in all our endeavors especially the Books for the Barrio and Medical-Surgical Mission.

Last year Dr. Livia Capuy celebrated our 40th Anniversary with an unbelievable success. Nobody can top that! We cannot thank her enough for all her hard work!

Now the biggest Challenge of PAMAG is the Medical & Surgical Mission to Dagupan, Pangasinan in June 7-15, 2017. The previous Dagupan Mission in 2007 was a great success under the leadership of Dr. Grace Duque Dizon as our Mission Chairwoman. She graciously accepted the challenge again and I know she will do a fantastic job. She has already laid the groundwork: visiting Dagupan twice, meeting with the Director and Chief of Hospital, Dr. Mejia and all the Department heads of the hospital, the Mayor, and Rotarians. In addition, she has assigned her brother Atty. Gonzalo Duque to be the overall Coordinator.

Last but not least, I would like to thank all those who have helped us financially for this Medical Mission through Ads and Sponsorships, Raffle tickets, personal or corporate donations and Donations from PAMAG Auxiliary and Philippine Charity Foundation.

We pray that our Medical and Surgical Mission will be a success.

May God Bless you all!!

Grace Cabahug Bautista, MD
President 2016-2018

10 OUT OF 10 DOCTORS PREFER CHOICES WHEN IT COMES TO DISABILITY INSURANCE.

Only Northwestern Mutual offers a definition of disability designed with input from physicians and dentists. So Northwestern Mutual's patented* medical occupation definition of disability means more benefits you want, like flexibility to choose whether you continue working if an accident or illness keeps you from performing your most important duties.

Visit my website today to check your understanding using the Disability Income Insurance Knowledge Center.
